

INFINITY LIFTS

Our Metal Towers are the perfect solution for adding a lift to your home or office where space is limited and are ideal for both internal and outdoor application.

Our Infinity Lifts Portfolio can be incorporated into an impeccably designed metal lift shaft with any customisation possible.

The metal shafts that we can provide have been heavily tested to ensure they can withstand even the harshest conditions.

FEATURES:

- ▶ Adjustable to an existing space
- ▶ Designed for indoor & outdoor use
- ▶ Customisable furnishings available
- ▶ Stainless steel options also available
- ▶ Metal surface treatment with black cataphoresis, zinc-coating, painting with epoxy-polyester powder with RAL colours.

SHAFT STRUCTURES

COMPLETELY CUSTOMISED TO YOUR REQUIREMENTS

ABOUT US

Infinity Lifts are all about offering our clients a lift for their home or office with infinite possibilities.

We are a small Sydney based company with a team of highly experienced, passionate and qualified people who specialise in supplying and installing the best product on the market.

With our Directors alone having close to 50 years combined experience in the lift industry you can trust that a lift supplied and installed by our team will be installed to precision and tuned to perfection which will mean your lift will run efficiently, smoothly, silently all day, every day.

At Infinity Lifts Customer Satisfaction is our number 1 priority so we go above and beyond to ensure that all your questions are answered and your lift design requirements are met.

Communication with our clients is key to a successful process, so we will keep you informed every step of the way from sales, manufacture and installation. With continual support from our team, you can be assured of a seamless experience from start to finish, ensuring that no detail is overlooked.

We pride ourselves on excellent service, communication, reliability and faultless workmanship. So we are committed to exceeding our client's expectations by providing the highest quality, European designed and manufactured product, complete with infinite options for customisation.

OUR SUPPLIER – NOVA

Our supplier, Nova based in Italy was established in 1992. With over 20 years of design and manufacturing experience, our portfolio of home lifts are of the highest quality and are compliant to the Australian Lift Code AS 1735.

Infinity Home Lifts are produced using energy efficient machinery, which enables the entire production process to be completed by the power produced by a 100kw solar power system at the Nova factory.

So not only are Nova committed to producing a high quality, innovative and stylish lift, they are also committed to reducing their carbon foot print and providing an Energy Efficient product.

The Infinity Portfolio of products are qualified Class A in accordance to the German norm VDI4704.
